INTRODUCTION TO NEW COURSE STRUCTURE & DISTRIBUTION OF MARKS IN SUBJECT, HAVING PRACTICALS

With the introduction of the New Course structure from the academic session 2006-07 basically to de-stress the students joining +2 courses under the CHSE, Orissa, there will be yearly examinations at the end of 1st year and 2nd year classes. 1st year and 2nd year courses have been separated accordingly. The 1st Year examination will be conducted at the college / H.S. School level for 100 marks in each subject and the 2nd year examination will be conducted at the Council level for 100 marks in each subject. Marks secured in the 1st year examination shall be considered only for promotion of students to the 2nd year class and will have no bearing on the terminal examination, conducted by the Council at the end of the 2nd year.

Pass certificates will be awarded to successful candidates basing on the performance in the Council examination at the end of the 2nd year only.

Restriction on selection of elective subjects is a new feature in the present course structure. Each student has to read four elective subjects in addition to the compulsory subjects i.e. English, M.I.L. and Environmental Education.

The Distribution of marks for subjects with practicals will be as follows:

Syllabus for Higher Secondary Education in

(for ARTS, SCIENCE, and COMMERCE)

Higher Secondary education for a large number of students is a preparation for the University, where a fairly high degree of proficiency in English language and literature is necessary. For another large and significant group, the higher secondary education is a preparation for entry into professional education. This Course, therefore, is designed to cater to both the groups by promoting higher skills of thinking as well as language skills required for academic study and for the workplace. In this sense, this syllabus is learner-centred or need-centred.

It is expected that students have acquired the basic language skills in English by the time they come to the First Year of the +2 class. It is necessary that by the end of +2 they should be equipped with adequate linguistic competence to comprehend and appreciate texts, and express themselves in clear and grammatical English using appropriate punctuation and cohesive devices. The aim of this syllabus, therefore, is to hone all the language skills (L-S-R-W) of the students.

Instructional Materials consist of 4 textbooks: (a) Invitation to English-I (New Edition), which includes non fictional prose pieces and poems, for intensive study (b) Invitation to English-II (New Edition), which includes genres like short fiction, one-act play and biography/autobiography for extensive study, (c) Invitation to English -3, a Work Book for developing writing skills, and (d) Invitation to English -4, a Work Book for grammatical exercises.

The present syllabus envisages a lot of teacher-pupil interaction. While dealing with texts for both intensive and extensive study, teachers should encourage group activity in the classroom for 'Pre-reading', 'While-reading', and 'Post-reading activities'. They should be careful not to put any question to an individual student but to a group of 3 - 4 students encouraging one of them to give the answer with the feedback he/ she gets from the group so that none of the students shall feel diffident to interact. As Invitation to English -3 and Invitation to English -4 are Work Books, they should be worked out in the class-room.

The Scheme of Evaluation, at the end of the syllabus, specifies the allocation of marks for each skill. It should be noted that texts prescribed for detailed as well as non-detailed study have been allotted only 60 marks out of total 200. It would be appropriate, therefore, to devote the bulk of classroom time to Invitation to English -3, and Invitation to English -4,

ENVIRONMENTAL EDUCATION

(Compulsory)

The Environmental Education (EE) is incorporated in the New Syllabus of Higher Secondary (+2) students of all streams (Science, Arts & Commerce) from 2006 (admission batch). The theory course shall be taught in 40 periods.

The syllabus is compulsory for all students. To reduce the work-load of students, EE will be taught in XI class only. The syllabus shall be of 100 marks of which 70 marks assigned to theory paper and 30 marks for project work.

Questions for theory paper shall be prepared by the Council and examination will be held on a stipulated date fixed by the Council.

The questions for theory paper will be prepared as per the norms of Council as done for all other subjects, 40 marks for short (which also includes objectives) and 30 marks for long questions.

Students are required to answer three long questions, one from each unit. Each unit will have 2 questions with internal choice. The short questions (covering all units) will be compulsory.

Each student has to submit a project work positively to the Principals of the respective colleges before Annual Examination.

There shall be 10 project work titles specified in the course and students are free to choose anyone of them. A group of teachers will be assigned to guide them. The project shall be evaluated in the respective colleges. The best project (as will be decided by the Principal) may be sent to Council for consideration for award of a special prize.

The Grade secured (taking together both the theory and project marks) will be reflected in the mark sheet and the Pass certificate of the Council.
